SUBJECT INDEX

A

Abdomen

abscess

in Crohn's disease, 678
 drainage, CT-guided, 688
 percutaneous catheter drainage, 52

blunt trauma

endoscopic retrograde pancreatography in, 715
 isolated mesenteric injury, CT scan vs peritoneal lavage in, 806
 obstructing paraduodenal hematoma and, 700
 porta hepatis disruption and, 695
 in pregnant patient, management, 245
 serum amylase and lipase values in, 204

CT scan, in obstructive jaundice, 192

hernia, repairs, U.S. Army experience, 596
 infection, ceftazidime/clindamycin vs tobramycin/clindamycin for, 613
 mass lesion, retroperitoneal accessory spleen, 293
 pain, oral anticoagulant therapy and, management, 581
 sepsis, posttraumatic, open management, 548
 surgery, in AIDS patients, 445
 wound closure, parallel vs perpendicular placement of retention sutures, 618

Abdominoperineal resection, omental pedicle grafts in, 310

Abscess

abdominal, percutaneous catheter drainage, 52
 breast, delayed, after lumpectomy and radiation therapy, 440
 intra-abdominal

in Crohn's disease, 678
 drainage, CT-guided, 688

Abstracts, annual meeting, 194

Adenoma

benign villous, ampulla of Vater, resection of, 214
 hepatic, ruptured, 380

Adrenal gland

incidental lesions ("incidentalomas"), 398
 malignant melanoma, 199

Age, peptic ulcer disease and, 737

AIDS (acquired immunodeficiency syndrome), abdominal surgery in, 445

Air plethysmography, detection of deep vein thrombosis, 766

Airway management, acute, emergency cricohyoidectomy in, 12

Ampulla of Vater, tumors, resection of, 214

Amputation

below-knee, iatrogenic tibial pseudoaneurysm and, 546

physiological, for acute pedal sepsis, 530

Amylase, serum, in blunt abdominal trauma, 204

Analgesia, patient-controlled, impact on hospital course, 86

Anastomosis

EEA stapler in, facilitation with lidocaine application, 308
 intestinal, biofragmentable anastomosis ring for, 71

Anemia, pernicious. *See* Pernicious anemia

Aneurysm

aortic, thoracoabdominal, surgical management, 745
 multiple nonatherosclerotic, 523
 splenic artery, 543

Angiodysplasia, jejunal, 303

Angiography, normal findings, carotid pathology and, 726

Angioplasty

patch. *See* Patch angioplasty
 percutaneous transluminal coronary, femoral arteriovenous fistula complicating, 702

Antibiotics

ceftazidime/clindamycin vs tobramycin/clindamycin for intra-abdominal infection, 613
 intestinal tissue concentrations, 655
 prophylactic, in elective colon surgery, 251
 surgical prophylaxis, reducing the cost of, 32

Anticoagulants, oral, acute gastric pain and, management, 581

Antithrombin III, inactivation by serum elastase, in surgical infection, 665

Aorta

abdominal, penetrating injuries, 651
 crossclamping, emergency room thoracotomy and, intravenous access sites for resuscitation and (dog), 566
 thoracic

left atrial to femoral arterial bypass, Biomedicus centrifugal pump in, 802

traumatic injury, aortography and CT evaluation, 497

thoracoabdominal aneurysm, surgical management, 745

traumatic rupture, aortography in, 500

Aortography, in suspected traumatic thoracic aortic rupture, 497
 indications for, 500

Appendicitis, in pregnant patient, management, 245

Arteriovenous fistula, femoral, percutaneous transluminal coronary angioplasty and, 702

Arteritis, temporal, temporal artery biopsy in, 16

Aspiration

fine-needle, of pancreatic fluid collections, 764
 needle, nonfunctioning parathyroid cyst, 420

Aspiration biopsy, fine-needle, solid palpable breast lesions, 263
 Atrial septal defect, female, thoracotomy vs sternotomy approach to, 218

B

Bile duct, common
 evaluation, intraoperative flexible videocholedochoscopy, 178
 exploration
 in choledocholithiasis, 66
 choledochoscopy in, 182
 endoscopic retrograde cholangioscopy in, 235
 retained stones, electrohydraulic lithotripsy for, 232
Biliary tract. *See also* Bile duct, common
 carcinoid tumor of bile duct, 343
 choledochal cyst, 377
 obstruction
 Mirizzi's syndrome, 268
 pancreatic cancer and, cholecystoenterostomy vs choledochenterostomy for, 433
 porta hepatis disruption, blunt abdominal trauma and, 695
 stones. *See* Choledocholithiasis
Biodegradable anastomosis ring, 71
